

TOWARDS A HEALTHY AGEING DECADE IN EUROPE

OCTOBER 18-21, 2021

ONLINE WORKSHOP

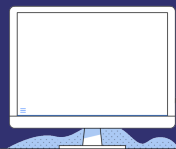

20 October 2021

15:00 - 15:55

<https://ageing-well-week.eu/>

Integrated Technological platform of digital solution for wellbeing

Four Large-Scale Pilot projects GATEKEEPER, Pharaon, SHAPES and SmartBear integrate technological platforms to improve the health, well-being, and independence of people as they get old.

The workshop directly addresses **Track A: Driving a platform for innovation and change in an ageing society**, focusing on local and regional ecosystem examples of pilots in Europe.
