

Open Call Dissemination Event

17 March 2022 (10.00-12.00)

Webinar and Interactive Workshop

Scope

This event will have two parts. In the first part of the event, the projects will present their running and upcoming open calls, introducing their goals and timeline. In the second part, the companies involved in previously held and closed open calls will present their experience, work, and results from such funding. At the end of the event, the audience will have the opportunity to ask and find out more about the presented open calls and the companies, their work, and results from the open call experience.
